

About Us

"Customized Book Club Generator is a dynamic platform designed to connect readers through personalized book clubs. By analyzing individual preferences, it recommends curated reads, automates club creation, and fosters engaging discussions. Our mission is to make reading a shared, enriching experience for everyone, everywhere."

Vision

To create a world where every reader connects, discovers, and grows through personalized book clubs.

Mission

To simplify the reading journey by offering tailored book recommendations, fostering engaging communities, and inspiring meaningful discussions.
